Masai School

July 2022 - Present

Bachelor in Civil Engineering

Govt Engg College, Nowgong

July 2016 - July 2020

About Me

A dedicated and agile Full Stack Web Developer with 1200+ hours of hands-on experience in coding. Have built 5 major projects and 50+ minor projects. Looking forward to working as a responsible and competent employee in an exciting organization.

Projects

BabyBliss

BabyBliss is a website through which users can order a range of products for newborn babies and kids like diapers, baby health products, shirts, jeans, shoes and mom's products.

Tech stack

- Next JS
- Chakra UI
- Material UI

Features

- Login/Signup using Firebase.
- More than 1000 Products from different categories like Boy, Girl, Footwear, Diapers, Health, and Moms.
- Filter by color, price, pattern, brand, price, and sort by price and discount functionality has been provided.
- Add to cart/delete from cart and Checkout

My responsibility

- Worked as the Project lead
- Made all the product pages like Boy, Girl, Footwear, Health, etc.
- Developed all the filter and sorting functionality in the product pages.

KFC- Clone

KFC is a fast-food website through which users can order various veg & non-veg snacks. This is a solo project which was made in a duration of 5 days.

Tech stack

- React JS
- Chakra UI

Features

- Login/Signup
- More than 100+ menu items using the server
- Add to cart/delete from cart and Checkout
- Made all the pages
